1. EVENT SUMMARY

Conference Name: 10th International Conference on Recent Challenges in Engineering and Technology (ICRCET-22)

Date: 22nd and 23rd June 2022.

Conference Theme:

Organization: Institute for Engineering Research and Publication (IFERP)

Co-host: Udayana University, Universitas Mercu Buana and Lloyd Institute Of Engineering & Technology.

Model Place: Hybrid Conference

1.1 OVERVIEW

10 th International Conference on Recent Challenges in Engineering and Technology (ICRCET-22) held on the 22nd - 23rd June , 2022, Organized by Institute for Engineering Research and Publication (IFERP) and co-host by Udayana University, Universitas Mercu Buana and Lloyd Institute Of Engineering & Technology.

The international conference has been specifically designed with the intention of delivering outstanding outcomes and challenges in the 21st Century. It intends to bring collectively researchers, scientists, technicians and scholars in all fields of educational research for the propagation of original research conclusions, new approaches and developmental practices that yield real results.

The **10th International Conference on Recent Challenges in Engineering and Technology (ICRCET-22)** aims to give researchers, students, and delegates and the occasion to communicate and share their expertise and understanding of technology utilization. This event will also serve as an excellent international forum for sharing expertise and results on recent challenges in engineering technology. The goal of the conference is to provide a stage for scientists and practitioners from academia and industry to address issues with development in the field.

1.2 CONFERENCE THEME

The theme of this conference revolves around bringing engineering, technology, and management research areas synchronically on an indivisible platform. This conference will draw collectively research fellowships from diverse fields in unitedness, to share their research findings and latest ideas. The main intention of this conference is to integrate interdisciplinary inquiry to deliver the best applications.

Attending this remarkable event will help participants sharpen their skills and refine their ideas as well as approaches by meeting with their peers and counterparts. They will also have the chance to meet experts and high-level delegates, along with sharing ideas and research findings from past and present. Participants can build new networks to meet different personalities and learn about the latest tools available.

This conference serves as a unique confluence of networking, entertainment, learning, and in one ensemble. This event will require you to develop and challenge participants with their ideas and proposals. The most promising research studies will be issued in highly reputable journals and publications.

2. ABOUT CONFERENCE

One of the primary motives of the 10th International Conference On Recent Challenges In Engineering and Technology (ICRCET-22) to be held in Bali, Indonesia on the 22nd - 23rd June 2022 is a fantastic opportunity for Engineers, Research Scholar and Students to network with other experts and people in the relevant field of technology. There will be new equipment, technologies, or procedures introduced & demonstrated, and discussions about engineering obstacles and how to handle them.

If you select to participate in this conference, you will broaden your technical thinking in a massive way to upgrade your potential career presentations and technical innovations. It is a brilliant way to gain new ideas but also to see how other procedures or methodologies are combined with your own. Through this outstanding conference, you will get assisted in identifying and comprehending upcoming technological and industry trends. You will also have the puzzling opportunity with top authorities on the effect and impact of interventions.

3. CONFERENCE SCOPE

We create a platform for sharing knowledge, collaboration, and relationship building by bringing students, research scholars, together and encouraging delegates to work together to achieve better health outcomes by establishing a unique public health network..

- Research scholars
- Industry Professionals (C.E.Os., CMOs, Vice-presidents, Directors, Gms)
- Delegates
- Editorial Board Members of Journals
- Faculty
- Technology Experts
- Alumni's
- Educators
- Practitioners(Brand Specialists, Head of Marketing)
- Stakeholders
- Innovators
- PhD Scholars
- Government Officials
- Students

As a result, many Keynote Technical Sessions have been prepared in accordance with conference scope to discuss the Challenges, Opportunities and Problems of Application in various fields.

4. INAUGURAL PROGRAMME

The day of the conference started with welcoming all the participants, dignitaries and special guest for the conference followed by the proceedings book release and introduction of session chair for the technical sessions

4.1 WELCOMING AND OPENING CEREMONY

Welcoming Keynote Speakers of the 10th International Conference on Recent Challenges in Engineering and Technology (ICRCET-22)

GUEST SPEAKERS

Dr. Alice Maldonado-Lacorte,
Dean of the College of Computing and Information
Technology,
First Asia Institute of Technology and Humanities,
Tanauan City Philippines

Dr. Sailesh Iyer,
Professor and Dean,
CSE/IT Department,
Rai School of Engineering,
Rai University, President RU IIC
And RU Nodal officer, GSIRF
Ahmedabad, India.

KEYNOTE SPEAKERS

Dr. Kiran Nair,
Strategic Industry Collaboration and MBA Administrator,
Professor
Abu Dhabi School of Management (ADSM), UAE.

Dr. Eng. Deni Shidqi Khaerudin,
Research Center for Advanced
and Materials, Associate Prof.
(BRIN) Indonesia.

Christopher Abraham Ph.D., FCIM,
CEO & Head Dubai Campus,
Sr.VP at S P Jain School of Global Management
TEDx & International Conference Keynote Speaker

Dr. Rajeev Agrawal,
Senior Director
Lloyd Institute of Engineering &
Technology, India.

Dr. Anwar Ahmad,
Professor, University of Nizwa,
Civil and Environmental Engineering Department,
Nizwa , Oman.

Mr. Abdy Taminsyah,
CEO and Founder
MonsoonSIM
Perth, Western Australia,
Australia.

Dr. Shri Ajai Garg,
Senior Director
Ministry of Electronics & Information Technology
Government of India

GUEST OF HONOR

Dr. Ir. Mawardi Amin, MT
Dean of Faculty of Engineering,
Universitas Mercu Buana

Dr Hadi pranoto
Vice Dean of Faculty of Engineering,
Universitas Mercu Buana

SESSION CHAIRS

Dr. Anil Siddharayan Dube,
Professor & HOD (Mechanical) Certified Energy Auditor by BEE
Department of Mechanical Engineering
Sandip Institute Engineering & Management India.

Professor. A U Ravi Shankar,
Civil Engineering,
National Institute Of Technology,
India.

Ir. Dr. Pang Wai Leong
Associate Professor
Multimedia University,
Faculty of Engg, Malaysia.

Dr. Sudeshna Chakra borty,
Professor,
Department of Computer Science Engg.
Llyod Institute of Engineering & Tech.

Dr. Rohit Bansal
Assistant Professor
Department of Management Studies
Vaish College of Engineering, Rohtak (Haryana)

Sevenpri Candra,
Associate Professor,
Management Studies,
BINUS University , Indonesia.

Dra. Iryanti Eka Suprihatin, M.Sc., PhD.
Faculty of Mathematics and Natural Sciences,
Science, Udayana University,
Bali, Indonesia

Mr. I PUTU TEDY INDRAYANA,
Faculty of Mathematics and Natural
Udayana University,
Indonesia.

Dr. V. Vandhana Devi
HoD - Civil Engineering,
KCG College of Technology, India

Dr. Pranav Mishra
Additional Director
LLDIMS, India

Dr. Tanupriya Choudhury
Senior Associate Professor,
University of Petroleum and Energy Studies UPES

Prof. Priyanka Tyagi,
Asst. Professor
IMS ENGG College, Uttarakhand,
GHAZIABAD.

Dr. Swati Chaudhary,
Assistant Professor,
Department is Applied science and Humanities,
Lloyd Institute of Engineering and Technology,
Greater Noida.
Noida.

Dr. Nidhi Puri,
Assistant Professor,
Department is Applied science and
Humanities, Lloyd Institute of
Institute of Technology, Greater

II Made Astina
Associate Professor,
Institute of Technology Badung,
Faculty of Mechanical and Aerospace Engineering,
Badung, Indonesia.

10th International Conference on Recent Challenges in Engineering and Technology

22nd - 23rd June 2022 | Hybrid Conference

Organized by Institute For Engineering Research and Publication (IERP)

Research Objective

Full Factorial Design

- Requires many samples base on full factorial calculation

Taguchi Design

- follow the orthogonal array which only requires a small samples

Same research conclusion result?

Research Objective:
To investigate the validity of Taguchi method compare to full Factorial design, in optimizing the sample quantity in the research on the impact strength of polymer matrix composite reinforced with oil palm fibers.

Conclusion:

In the current experimental setup, a Linux based system is used as a test server and two Raspberry pi are deployed as DUTs. Test sharding tool is implemented in the Python scripting language.

Test queue had 19 sample test cases. When the test list ran on a single DUT and two DUTs, the execution time was around 6.46 min and 3.29 min respectively. Hence, there is performance gain of around 51%.

The proposed system can easily be scaled to accommodate multiple DUTs since it requires creating a new thread for each additional DUT.
